

## **Hamed bin Zayed Chairs the Executive Committee Meeting Abu Dhabi 10 March 2010**

The Executive Committee, Chaired by H.H. Sheikh Hamed bin Zayed Al Nahyan, Chairman of the Abu Dhabi Crown Prince's Court and Member of the Abu Dhabi Executive Council, agreed to the project submitted by the Environment Agency – Abu Dhabi regarding the implementation of the Abu Dhabi Emirate Environment Health & Safety Management System (EHSMS) in the industrial sector.

The meeting was held today, on Wednesday, 10 March 2010, at the Abu Dhabi Crown Prince's Court.

The project falls within the strategic goals of the Environment Agency – Abu Dhabi that aim to provide comprehensive Environment Health & Safety Management Systems in the Emirate of Abu Dhabi.

The Executive Committee also approved three new projects submitted by the Department of Municipal Affairs (DMA). The first project covers maintenance works on Al Dhafra Flyover (located at Al Mafraq city), where the second project is related to irrigation and landscaping works in different areas of Bani Yas, Al Wathbah and Al Nahda. The third project deals with roads and parking lots in Al Ain city.

The Committee also approved two projects submitted by the Tourism Development & Investment Company (TDIC) related to the financing of Hili Fun City in Al Ain and the financing of the project to construct a power station at Qasr al Sarab Desert Resort.

The Executive Committee also discussed a number of important topics and memoranda listed on its agenda relating to the implementation of plans and projects, and service development in the Emirate of Abu Dhabi.
